# **Report Settimanale**

Questa settimana è stata incentrata sulla formazione per future certificazioni, quali:

- Cisco Certification Cybersecurity and Network Basics
- Azure Fundamentals Certification + possibile esame a pagamento

Inoltre, ho eseguito ricerche su altre tipologie di informazioni per successivi corsi formativi, quali Python, Certificazioni per Azure aggiuntive e AWS.

Di seguito un paio di screenshot degli argomenti trattati questa settimana:

#### **AZURE:**

### CISCO:

#### ..... Networking **CISCO** Academy

## **Certificate of Course Completion**

## Mattia Pastorelli

has successfully achieved student level credential for completing the Introduction to Cybersecurity course.

The student was able to proficiently:

- Explain the basics of being safe online, including what cybersecurity is and its potential impact.
- Explain the most common cyber threats, attacks, and vulnerabilities. Explain how to protect oneself while online.
- Explain how organizations can protect their operations against these attacks.
- Access a variety of information and resources to explore the different career options in cybersecurity.
